General Committee 18/19 – 24/25

Finance Subcommittee 20/21 - 24/25

Chairman OTB Subcommittee 17/18 – 20/21

Personal Objectives:

As Honorary Treasurer I will continue the great work of previous treasurers in supporting a strong club which provides great facilities and activities for all members. RBYC is a top-class venue, with a world class racecourse on our doorstep.

RBYC shares the challenges of many clubs in changing times. It is essential that we are a welcoming club that attracts and supports members to be involved in the marine recreational activities we offer. At the same time, financial resilience is essential, so that we are in an ongoing position to maintain our valuable on-water and clubhouse assets. We aim to honour our proud history while further developing our club to keep pace with evolving requirements of our members and our community.

My experience with so many aspects of the club over the years puts me in a prime position to ensure continuity, working with the new General Committee to address the changing needs of our membership while upholding responsible fiscal management.
