1. Introduction

Objective	Our agreed-upon procedures engagement will be conducted with the objective of reporting factual findings of the Royal Brighton Yacht Club Inc. ("the Club") 2026-2027 committee election results. The review process considers whether the recorded ballot data reflects the voting selections made by members and the recalculation of the election outcome using the Club's confirmed election rules and counting methodology. The procedures performed will not constitute a reasonable or limited assurance engagement, accordingly no assurance will be provided.
Scope	We have performed the procedures agreed with you as detailed in our engagement letter signed 14 October 2026 and describe below our findings as at 26 October 2026.
Responsibility for the Procedures Agreed	The responsibility for determining the adequacy or otherwise of the procedures agreed to be performed is that of Royal Brighton Yacht Club Inc. 2. Background of Organisation

Operations	Royal Brighton Yacht Club Inc. is an incorporated association located at 253 The Esplanade, Brighton, Victoria. The Club's operations are centred on the promotion and encouragement of the sport of yachting generally, including the promotion of racing between sailing yachts, and the doing of all things incidental to or not inconsistent with the foregoing. Key aspects of the club include: ▪ Promotion and encouragement of yachting and sailing activities ▪ Conducting and supporting sailing and yacht racing activities ▪ Providing membership across several membership categories ▪ Operating under the Club's Rules and By-laws, with overall management of the Club undertaken by the committee
Committee Structure	Under Rule 44 of the Club's Rules (refer to Appendix 6), Royal Brighton Yacht Club Inc. is managed by a committee comprising: ▪ Commodore ▪ Vice-Commodore ▪ Rear Commodore ▪ Club Captain ▪ Honorary Treasurer ▪ Six Senior Members of the Club The Flag Officers and at least four of the six ordinary Members of the Committee shall be Active Sailing Members. The committee is elected annually prior to the Annual General Meeting, with elected members holding office for 12 months from the declaration of the poll at the Annual General Meeting.
Committee Election Requirements	The election of Committee Members is governed by the Club's Rules and the Committee Elections Procedure contained withing the By-laws. As per Rules 49 to 51 (refer to Appendix 1 & 7). The key requirements include: ▪ **Candidate Eligibility:** A candidate must be, and have been, a Senior Member of the Club for at least three consecutive years immediately prior to nomination. ▪ **Election Timing:** The Committee is responsible for fixing the date of the annual ballot and providing 30 clear days' notice to Members eligible to vote ▪ **Nominations:** Nominations must be made in writing and signed by the nominator, seconder and candidate with the nominator and seconder being Senior Members ▪ **Nomination Deadline:** Nominations must be lodged with the secretary by 6:00pm, 21 days before the annual ballot ▪ **Contested Elections:** Contested elections are determined by ballot

Member Voting Eligibility	Under Rule 34 (refer to Appendix 8), only Financial Members are entitled to vote. A Member is financial for voting purposes where the Member falls within a class varying the relevant voting rights and all membership subscriptions and boat storage amounts due and payable by that Member have been paid. The Rules identify the following membership classes as having voting rights for both Committee elections and ordinary and special resolutions: ▪ Senior Members and qualifying Senior Family Members ▪ Senior Special Members ▪ 40 Year Members ▪ 50 Year Members ▪ Honorary Life Members ▪ Country Members ▪ Absentee Members Rule 7 also establishes circumstances in which Crew Members and Intermediate Members may become eligible to vote in Committee elections where the number of Senior Members falls below the specified proportion of total Club membership.
Methods of Voting	Rule 53 (refer to Appendix 1) of the Club's Rules provides for three methods by which eligible Members may vote in the election of Officers and Committee Members: ▪ By attending or depositing a ballot paper with the Returning Officer between 10:00am and 4:00pm on the day of the annual ballot ▪ By postal ballot, subject to the requirements prescribed by the Rules ▪ By electronic voting, consistently with the process set out in the Club's By-laws and in accordance with the relevant principles of the Electoral Council of Australia and New Zealand referred to in the Rules
Electronic Voting and ElectionBuddy	The Club's Rules permit electronic voting for the election of Officers and Committee Members, provided the electronic voting process remains consistent with the Club's By-laws and the relevant principles for internet voting services referred to in the Rules. For the election subject to this engagement: ▪ ElectionBuddy was used as the electronic voting platform ▪ Electronic ballot data was recorded through ElectionBuddy ▪ ElectionBuddy records, ballot reports and vote-by-vote data were relevant to the agreed upon procedures ElectionBuddy describes its service as an online voting software for self-managed elections and polls and provides functionality to export election data in formats including CSV and Microsoft Excel.

Postal Voting	The Club's Rules also permit eligible Members to vote by postal ballot. Under Rule 53(1)(b): ▪ Postal ballot papers must be in the form prescribed by the Committee ▪ A postal ballot paper may be obtained from the Secretary following written application signed by the Member requesting the ballot paper ▪ Completed postal ballots must reach the Secretary no later than midday on the day of the Annual Ballot The treatment of postal ballots is also specifically included within the scope of our agreed upon procedures engagement for the election.

Voting and Vote-Count Methodology	The Club's Rules prescribe the voting and vote-counting requirements for the election of Officers and ordinary Committee Members. Where there is a contest for election as an Officer of the Club, voting for the six ordinary Committee positions is conducted using a numbered preference system. Under Rule 53(2): ▪ Members are required to place a number from **one through to the total number of candidates** standing for election as ordinary Committee Members beside each candidate's name ▪ The vote is taken to be a vote for the **six candidates allocated numbers one to six,** subject to the adjustment required where a candidate is also elected as an Officer of the Club ▪ Where a candidate is elected as an Officer and has been allocated a higher preference on the voters' Committee ballot, the Rules provide for an adjustment to the preference numbers when determining the six Committee candidates for whom the Member's vote is counted ▪ With regard to the 2026-2027 election of members of the committee, **no candidate** in the general committee nominations was also a candidate for a flag position; as such no adjustments relating to the aforementioned point were required for this election being reported on.

3. Detailed Findings

3.1 Election Rules and Voting Methodology

ASHFORDS AUDIT FINDINGS

Procedures Performed	Findings
3.1.1 Inspection of the voting instructions and whether the voting data reflects the will of the voters. This included: • Obtaining and reviewing voting instructions provided to Members for electronic and postal voting processes • Comparing voting instructions to the requirements of the Club's Rules and By-laws applicable to the election • Reviewing the instructions provided to Members regarding the completion and submission of their ballots • Reviewing the instructions regarding the ranking of candidates and the requirements for a valid ballot • Comparing the voting instructions for electronic voting to the voter-facing ballot configured within ElectionBuddy	We inspected the voting instructions provided to Members and noted the below instructions provided to members: **Postal Votes:** For the position of Commodore and Honorary Treasurer, Members were instructed *"to elect one (1) Candidate to Commodore, and to elect one (1) Candidate to Honorary Treasurer* ***please number from 1 to 2,*** *number 1 being your first choice.* ***ALL BOXES MUST BE NUMBERED for an eligible vote."*** *(refer to Appendix 2)***.** For the position of General Committee, Members were instructed to *"elect six (6) Candidates to General Committee,* ***please number from 1 to 11*** *number – 1 being your first choice –* ***ALL BOXES MUST BE NUMBERED for an eligible vote.*** *Votes will be counted as the first six to be elected and will not be processed on a preferential basis."* **Electronic Votes:** For the position of Commodore and Honorary Treasurer, Members were instructed to *"rank choices in the order preferred. Assign 1 for most preferred.* ***Rank ALL choices.*** *If you don't want to vote, select abstain." (refer to Appendix 3 & 4)* For the position of General Committee, Members were instructed to *"Rank choices in the order preferred. Assign 1 for most preferred.* ***Rank ALL choices.*** *If you don't want to vote, select abstain." (refer to Appendix 5)* A reasonable person would read the instructions as requiring members to rank every candidate, with 1 indicating their first preference. For Commodore and Honorary Treasurer, the candidate ranked 1 received the member's vote. For General Committee, although all 11 candidates had to be ranked, the six candidates ranked 1 to 6 were treated as the member's six selections. The postal and electronic instructions therefore conveyed the same voting method, with electronic voters also able to abstain. We confirm that instructions per above were viewable in the ElectionBuddy portal. We compared these instructions to the requirements of Rule 53 of the Club's Rules and noted: Rule 53(2) requires *"in the event of there being a contest for election as an Officer of the Club, the voting for six Committee Members shall be by placing a number from 'one' to the number of candidates standing for election as Committee Members beside each candidate's name listed on the ballot paper. The votes shall be deemed to be a vote for the six candidates given the numbers one to six after deducting from the number given to each candidate the number equal to the number of candidates for election as Committee Members elected as Officers of the Club and given a lower number on the voter's ballot paper." (refer to Appendix 1)*

Comparison of the Club's Rules:

We compared the voting instructions provided to Members with the requirements of Rule 53 of the Club's Rules and noted the following:

- Both the postal and electronic voting instructions required Members to rank all candidates, with **1 representing the Member's first or most preferred candidate.**

For the General Committee election, both voting methods required Members to rank all 11 candidates, with the six candidates receiving rankings 1 to 6 being counted as the Member's selections.

- The requirement to rank all candidates was consistent with Rule 53(3).
- The postal voting instructions stated that the first six ranked candidates would be counted and that votes would not be processed on a preferential basis. This was consistent with the general principle in Rule 53(2) that the vote is counted for the six candidates ultimately allocated rankings 1 to 6.

Invalid Votes:

The postal voting instructions advised Members that *"**ALL BOXES MUST BE NUMBERED for an eligible vote."***

Rule 53(3) of the Club's Rules provides that a ballot is invalid where *"ballot papers not containing a number against each candidate's name, containing a duplication of numbers, or containing a number greater than the number of candidates for election as Committee Members, shall be invalid."*

We compared the postal voting instructions to the requirements of Rule 53 and noted that the instruction requiring all boxes to be numbered was consistent with the requirement for a number to be recorded against each candidate's name. However, the postal voting instructions did not specifically state that a ballot would also be invalid where it contained duplicate numbers or a number greater than the number of candidates standing for election; as covered in rule subsection (3).

For electronic votes, the ElectionBuddy system flags any votes as invalid and doesn't allow for them to be submitted. As identified in a test environment, the system flags the following matters:

- All options not numbered
- Any duplicate numbers

As such, no invalid votes were submitted via the electronic ballot.

ElectionBuddy Counting Methodology:

ElectionBuddy advised that, under its preferential voting system, a ranking of "1" represents the voter's highest preference during the voting process (refer to Appendix 11).

ElectionBuddy further advised that the **Vote-by-Vote** report displays results where a "1" preference received the highest number of votes, as the ElectionBuddy voting system has been setup as a preferential voting system.

Using General Committee as an example the **Vote-by-vote** results Summary showed the following:

- A candidate ranked "1" (highest preference) in a vote is assigned the highest vote value. (*From 11 candidates, 1st preferences got 11 votes)*
- Candidates ranked at lower preferences are assigned progressively lower vote values (2nd preference got 10 votes, 3rd preference got 9 votes, and so on)

This means that the results of the electronic vote, when using the 'Vote-by-vote' report would be determined by the sum of the number of "votes" assigned to each candidate, using the preferential system in place in Election Buddy.

On interpretation of the data, General Committee members ranked as first preference appear to be numbered with a 11, as though the last preference in the election. Similarly, someone numbered 11 would receive a Vote-by-vote result of 1, as though they were ranked as first preference. This created an apparent reversal of the preference numbering.

The conversation trail per Appendix 11 confirms that this was the way data was interpreted when summarising the results of the election.

However, as per the Club's Rules and Voting Instructions, the correct method should be:

- The top 6 highest ranked candidates receive 1 vote
- The remaining candidates receive 0 votes
- Following the sum of these results, the top 6 candidates with the most votes would be elected

ElectionBuddy also advised that the **Vote-by-Vote – All Ballots report** represents raw data and is not based on the preferential voting method used per the Vote-by-Vote Report; and only shows the exact preferences made by the members casting their votes, as detailed in the instructions to members when casting their votes. This report **(Vote-by-Vote Report – All Ballots)** has been used as the basis for this engagement's recalculated election results.

To summarise, the below table reflects, in the case of the general committee vote, how the votes in ElectionBuddy had been determined, as per the **Vote-by Vote** Results Summary Report; and how they should have been determined in accordance with the Club's rules.

	How the Vote-by-vote Report recorded these votes:	How the Votes should be allocated per the Club's Rules
1st Preference	11 votes	1 vote
2nd Preference	10 votes	1 vote
3rd Preference	9 votes	1 vote
4th Preference	8 votes	1 vote
5th Preference	7 votes	1 vote
6th Preference	6 votes	1 vote
7th Preference	5 votes	No vote
8th Preference	4 votes	No vote
9th Preference	3 votes	No vote
10th Preference	2 votes	No vote
11th Preference	1 vote	No vote

3.2. Electronic Voting and ElectionBuddy Results

ASHFORDS AUDIT FINDINGS

Procedures Performed	Findings
3.2.1 Obtained vote-by-vote data exported from ElectionBuddy for the Commodore, Honorary Treasurer and General Committee elections and; • Independently recalculated the electronic votes recorded for each candidate • For Commodore and Honorary Treasurer, counted each Member's highest preference selection and separately identified abstentions	We obtained electronic voting data for **355 ballots** submitted through ElectionBuddy. The **Vote-by-Vote – All Ballot** report was utilised for this. We used this report as we received confirmation from ElectionBuddy that this report shows 'exactly how the ballots were submitted by the voters' (refer to **Appendix 11** for details of the conversation). We independently recalculated the electronic voting results for Commodore, Honorary Treasurer and General Committee positions and reconciled the results to the electronic ballot population. **Sample extract of votes:** This image is an extract of the first 3 votes displaying the structure of the export from the ElectionBuddy platform. As per the Club's Rules and ballot instructions, the first vote of Mark Buckley = 1, Cath Hurley = 2, represents Mark Buckley as the preferred candidate for this vote, for the position of commodore. This is the intended vote of this voter per the instructions provided in Appendix 3. Where the results are extracted from the ElectionBuddy system, each submission number is randomised throughout the entirety of the ballot. Therefore no extracted result is the same as previous. It's also noted that no direct member identities (such as names or membership IDs) are available in the system, as such, each extracted result is random and the voter is unknown. The full extract of the Vote-By-Vote – All Ballots report used for the recalculation of the election results are included in Appendix 9.

Procedures Performed	Findings
• For General Committee, counted the six highest preference candidates for each non-abstaining Member and separately identified abstentions • Reconciled the recalculated results to the population of 355 electronic ballots	**Counting Methodology** The methodology used for our recalculation is that of alignment with the Club's Rules, stating the lower number represents the preferred candidate, as interpreted from the Vote-By-Vote - All Ballots Report. The count of the votes has been conducted in alignment with the Club's rules, where the lowest number ('1') is the first preference of the voter, second lowest number ('2') is the second preference, and so on. As such, for the positions of Commodore and Treasurer, eligible votes with the number '1' assigned to a candidate was taken as the first preference vote. For the positions on the General Committee, eligible votes with the numbers '1' through '6' inclusive assigned to a candidate was taken as the voting members 'preferences' for election to the General Committee and each candidate received 1 vote from that eligible member's ballot. **Commodore:**  **Commodore** **Rank** **Candidate** **Votes** 1 Mark Buckley 177 2 Cath Hurley 171 The above images are the results of the recalculation of the **electronic** votes for the Commodore position. The complete electronic vote listing for the Commodore election is included in Appendix 9. The methodology for the count was to count each instance that the candidate received the vote "1". The results of the count of **electronic** votes showed: ▪ Mark Buckley was voted the most preferred candidate 177 times ▪ Cath Hurley was voted the most preferred candidate 171 times ▪ 7 Members abstained from voting for the position of Commodore Meaning that Mark Buckley received the highest number of electronic votes for the position of Commodore.

The results of the count of **electronic** votes showed:

- Ross Melville was voted the most preferred candidate 183 times
- Brett Heath was voted the most preferred candidate 155 times
- 17 Members abstained from voting for the position of Honorary Treasurer

Meaning that Ross Melville received the highest number of electronic votes for the position of Honorary Treasurer.

The above image is the results of the recalculation of the **electronic votes** for the General Committee members. The complete electronic vote listing for the General Committee election is included in Appendix 9. The methodology of the calculation was to count each instance that the candidate received the ranking "1" through "6".

Count Reconciliation:

There were 355 total **electronic** voters. As shown above, 19 of those chose to abstain from voting for General Committee Members, meaning that 336 voters gave their selection of 6 candidates. As votes go the top 6 candidates from each voter, the expected number of General Committee selections via electronic vote would be:

336 counted ballots x 6 preferences = 2,016
Plus the 19 Abstain voters = 2,035

Which reconciles with our count and the results shown above.

Results:

The results of the count of **electronic** votes showed that the 6 highest ranked Members are:

- Mark Woodland - 296 Committee Selections
- Neil Sargeant - 289 Committee Selections
- Marnie Irving - 181 Committee Selections
- Josh Stuchbery – 179 Committee Selections
- Steven Reynolds – 177 Committee Selections
- Keith Badger **and** Simon Lynch – 174 Committee Selections

Based on the procedures performed, the electronic voting population comprised 355 ballots. The independently recalculated results for the Commodore, Honorary Treasurer and General Committee elections reconciled to the underlying ElectionBuddy voting data.

3.3. Postal Voting and Results

ASHFORDS AUDIT FINDINGS

Procedures Performed	Findings
3.3.1 Obtained postal ballots provided by the Club and performed the following procedures: • Inspected and transcribed voting selections for each ballot into a structured format for recalculation • Independently recalculated the postal votes recorded for each candidate • For Commodore and Honorary Treasurer, counted each Member's highest preference selection and separately identified informal ballots • For General Committee, counted candidates assigned rankings 1 to 6 inclusive in accordance with the Club's Rules • Reconciled the recalculated postal votes to the population of postal ballots provided • Compared the recalculated postal voting results to the totals derived from the postal ballot population	We obtained **21 postal ballots** for examination. Of the 21 postal ballots, 19 were included in the Commodore and Honorary Treasurer candidate counts and two were classified as informal. For the General Committee election, the 21 postal ballots resulted in 126 counted candidate selections. Below is an extract of how the data was transcribed and formatted for recalculation. **Commodore** Rank / Candidate 2 Cath Hurley 1 Mark Buckley 2 Cath Hurley 1 Mark Buckley 2 Cath Hurley 1 Mark Buckley 2 Cath Hurley 1 Mark Buckley 1 Cath Hurley 2 Mark Buckley 2 Cath Hurley 1 Mark Buckley 1 Cath Hurley 2 Mark Buckley 1 Cath Hurley 2 Mark Buckley 2 Cath Hurley 1 Mark Buckley 2 Cath Hurley 1 Mark Buckley 1 Cath Hurley 2 Mark Buckley **Honorary Treasurer** Rank / Candidate 2 Brett Heath 1 Ross Melville 2 Brett Heath 1 Ross Melville 2 Brett Heath 1 Ross Melville 2 Brett Heath 1 Ross Melville 1 Brett Heath 2 Ross Melville 2 Brett Heath 1 Ross Melville 1 Brett Heath 2 Ross Melville 1 Brett Heath 2 Ross Melville 2 Brett Heath 1 Ross Melville 1 Brett Heath 2 Ross Melville 1 Brett Heath 2 Ross Melville **General Committee** Rank / Candidate 11 Marnie Irving 6 Paul Tadich 5 Simon Lynch 4 Neil Sargeant 10 Murray Cowdell 9 Bronwyn McIlveen 1 Mark Woodland 8 Steve Reynolds 3 Keith Badger 2 Josh Stuchbery 7 Karen Johns 9 Marnie Irving 4 Paul Tadich 3 Simon Lynch 6 Neil Sargeant 8 Murray Cowdell 7 Bronwyn McIlveen 5 Mark Woodland 1 Steve Reynolds 10 Keith Badger 11 Josh Stuchbery 2 Karen Johns The recalculation format follows the same methodology as with the electronic voting, with a number "1" indicating the highest ranked and most preferred candidate. **Informal votes:** As part of the election, two postal ballots were deemed informal for the positions of Commodore and Honorary Treasurer. As per the Rule 53(3) of the Club's Rules, *"ballot papers not containing a number against each candidate's name, containing a duplication of numbers, or containing a number greater than the number of candidates for election as Committee Members, shall be invalid."* This Rule aligns with the instructions given to Members on the postal ballot, which states ***"ALL BOXES MUST BE NUMBERED for an eligible vote."*** The two ballots received show crosses and ticks in the boxes representing where the candidates' rankings should be. As the boxes for the positions of Commodore and Honorary Treasurer do not contain a number, these votes are deemed informal. For the case of the General Committee votes associated with these two, these boxes are correctly numbered and thus valid for inclusion in the count for the election of General Committee.

Commodore:

Postal Votes

Total	**21**

The above image is the result of the recalculation of the **postal votes** for the Commodore position. The complete postal vote listing for the Commodore election is included in Appendix 10. The methodology for the count was to count each instance that the candidate received the vote "1".

The results of the postal votes showed:

- Cath Hurley was voted the most preferred candidate 7 times
- Mark Buckley was voted the most preferred candidate 12 times
- 2 ballots were deemed informal

Meaning that Mark Buckley received the highest number of postal votes for the position of Commodore.

Honorary Treasurer:

The results of the count of postal votes showed:

- Brett Heath was voted the most preferred candidate 8 times
- Ross Melville was voted the most preferred candidate 11 times
- 2 ballots were deemed informal

Meaning that Ross Melville received the highest number of **postal votes** for the position of Honorary Treasurer.

There were 21 total postal votes, with no voters choosing to abstain. As votes go the top 6 candidates for each voter, the expected number of General Committee selections via postal vote would be:

21 * 6 = 126

Which reconciles with our count and the results shown above.

Results:

The results of the count of postal votes showed that the 6 highest ranked Members are:

- Mark Woodland – 19 Committee Selections
- Neil Sargeant – 17 Committee Selections
- Simon Lynch – 13 Committee Selections
- Keith Badger – 13 Committee Selections
- Steve Reynolds – 12 Committee Selections
- Paul Tadich, Josh Stuchbery & Karen Johns – 11 Committee Selections

A total of 21 postal ballots were examined and independently recalculated. The recalculated Commodore, Honorary Treasurer and General Committee results reconciled to the postal ballot population, with no variances identified in the counting of postal votes. Two postal ballots were treated as informal for the purposes of the Commodore and Honorary Treasurer counts, with the remaining postal ballots incorporated into the recalculated results.
