

Notice of Addition of Motion to Special General Meeting of Members, 28th April 2026

Background

It has become apparent in preparation for the Special Meeting of Members that the process at the Club for members to upgrade their membership to Senior is inconsistent with the current rules and those which had applied after 11th September 2018.

It appears that these people have not been duly elected to become a Senior member in accordance with the rules. As a result they are not Senior members and therefore cannot enjoy the privileges of Senior membership including the right to vote at meetings of Members or in the election of General Committee or stand for General Committee.

Having been made aware of this issue the Club has been instructed to accept no more conversions as of 5.00pm Tuesday 21st April 2026.

The proposed motion is to correct this irregularity in accordance with Rule 33 (3), whereby all persons purportedly admitted to Senior membership and having paid the requisite subscription without complying with the current rules or with the rules current at the time of membership be confirmed as having been elected as Senior Members.
